Surrey Football Club Becomes Newest Member of the BC Soccer Premier League

Surrey FC is pleased to announce its entry into the BC Soccer Premier League, a major advancement for youth soccer in Western Canada. The 37-year-old Club has achieved the Canada Soccer National Youth Club License which recognizes the highest achieving organizations from across Canada. In 2021, Surrey FC will field two B.C. Premier League teams – 2009 boys and girls.

The Technical Staff, Board of Directors and membership have worked tirelessly to be able to host the highest youth level of play in the heart of Surrey-Newton. BC SPL provides the Club with another step for athletes and coaches with high-performance play and training. Sim Sumra, President, said, “This will allow our players to be showcased within our own club in BC’s most competitive youth soccer league. Surrey FC is committed to creating the infrastructure and culture necessary to provide the best healthy, fun, and safe environment for all players.”

Paul Bahia, Technical Director comments “At Surrey FC, we always strive to be player first in all facets of our club programming. We have proudly pushed numerous players and coaches up the pathway, and now are excited to have our players and coaches participate in the BC SPL at their home club. We will continue to develop, mentor, and provide a positive environment for players to reach their goals on and off the field. “

Surrey FC also welcomes its Premier sponsor, Nutrazul Effervescent Vitamins.

“We are extremely excited to partner with Surrey FC to help expand and further develop youth soccer in British Columbia,” said Nancy Phillips, V.P. of Pharmaris Canada’s Prevention and Wellness Division. “We are a B.C. based organization who believes long term health and well-being and youth sports go hand in hand. I am really looking forward to our role in helping our community advance the sport of soccer while supporting and educating the players to stay healthy and hydrated with our new Nutrazul vitamins.”
